#### **Monitoring and Review**

- This policy will be subject to continuous monitoring, refinement and audit by the Principal.
- The Principal will undertake a formal annual review of this policy for the purpose of monitoring and of
  the efficiency with which the related duties have been discharged, by no later than one year from the
  date shown below, or earlier if significant changes to the systems and arrangements take place, or if
  legislation, regulatory requirements or best practice guidelines so require.
- The next official date for review is June 2024
- The attached forms with this policy are not for completion but examples.

### Introduction

When students have been issued a Confirmation of Acceptance (CAS) by Abbey College in Malvern, the College is responsible for the student at all times for the entire period of the duration of the student route sponsorship by the College. The College needs to know exactly where a student is at all times, including when the student is at the College and when they are not at the College, whether they are in the UK or not. It is the parents' responsibility to make sure the College has all necessary information to fulfil this obligation.

When the student is at the College, for example during term time, the College is responsible for the student's welfare and acts as a guardian/parent to safeguard the student. However, there will be times during the period of sponsorship when the student will not be boarding at the school. Examples include:

- Exeat weekends
- Half-term breaks
- Holidays
- Suspensions off-site (if not with College then with home stay)
- Exclusions

If the student is to stay in the UK during these periods, but not at the College, and is under 18, the College will need to pass over the responsibilities to a correctly appointed guardian. This will be to an authorised Educational Guardianship Agency or to a Guardian appointed by the parent(s); in both cases they must be approved by the College.

Abbey College in Malvern requires that all overseas students under 18 years of age have a guardian appointed in the UK. If parents do not have any suitable adults living in the UK near enough to the College that can act as a guardian, there are many reputable agencies that can be used. (Please see **Appendix 3**).

## The Role of an Educational Guardianship Agency or Appointed Guardian

The 'Guardian', (whether individually appointed or an agency), will be expected to meet the following requirements:

- Provide 24-hour point of contact for the parents, the student and the College.
- Be a UK resident and spend the majority of their time in the UK so fully available as a guardian.
- Reside within a reasonable travelling distance from the College by either car or public transport.
- Be over 25 years old and should not be in full-time education
- Act with delegated parental authority in the case of emergencies or crisis and in other matters agreed by the parents.
- Be prepared to accommodate the student immediately in the event of suspension or expulsion from the College.
- In the event of a health issue happening while the student is under their care, make appropriate arrangements for any necessary medical treatment.
- To collect the student from and deliver to airports/the College at the start of term, half terms and end of term or make suitable alternative arrangements.
- Provide both pastoral and educational support.
- Have respect for the rights, religion and customs of the student.
- Liaise with the College and the parents about all holiday and Exeat arrangements.
- Inform the College in writing about all details of travel and accommodation arrangements transportation and accompanying person (if relevant) and exact address/contact number.
   This must be made prior to the student leaving the College for overnight stays, weekends away, half-term trips, holidays or any other reason for spending time away from the College.
- Communicate with the College on a regular basis about the progress and welfare of the student.
- Follow, what is commonly regarded as, best practice in guardianship and (where appropriate)
  hosting of international students.

## An Appointed Guardian or Guardianship Agency

A guardian appointed by the parent(s) for students under 18 years of age may be a nominated friend of the family or another family member, or may be employed by a professional Guardianship Agency to whom the parent is happy to entrust the responsibility, as long as the entrusted person is fully aware of what it means to accept the responsibility, what they must do as a guardian, and is willing to sign documents to acknowledge this.

An Appointed Guardian must:

- have a clear agreement with the parent(s) about the expected responsibilities
- be willing to comply with all conditions of being a guardian
- supply relevant identification of those people over the age of 16 staying in the same accommodation (if student stays with the guardian)

For parents who wish to use a Guardianship Agency it is recommended that parents choose a reputable agency that is accredited by AEGIS (the Association of Educational Guardians for International Students). Please see **Appendix 3** for website details and a list of accredited agencies that serve the Malvern area.

## Responsibilities of the Parent in Appointing a Guardian

The parent must:

- Appoint a suitable guardian
- Supply the College with written evidence of the responsibilities they have delegated to the appointed guardian (See **Appendix 1**: Guardian Nomination and **Appendix 2**: Guardian Agreement)
- Undertake to ensure the College is at all times provided with full details and contact information (including a contact telephone number) for all periods that the student is not residing at the College

#### Please note:

- The choice of the guardian is entirely the responsibility of the parent(s)
- The College has no legal responsibility for any guardian arrangements
- The College expects the guardian arrangements to satisfy the expectations detailed in this Policy

## **Necessary Documents to Complete**

All students of whatever age need a completed Exeat Form approved by the Principal (or cover manager) before being allowed to leave for weekend exeats. (See **Appendix 4**: Exeat Form).

All students of whatever age need to provide a completed Holiday Form (See **Appendix 5**: Summer Exeat Form).

Student Route Visa students under 18yrs of age <u>cannot make holiday arrangements without parental</u> consent.

- Parents must inform the College of the date and time of travel and copy of the flight ticket.
- Parents/guardians must ensure that suitable travel arrangements are in place for any exeat.

## **Private Fostering**

- During the holidays if the student is under 16 years old (or under 18 years old if disabled) and stays on a full-time basis with adults, who are not his/her parents or a close relative, for a period of more than 28 days this is classed as private fostering. A close relative is defined as a brother, sister, aunt or uncle, (meaning the brother or sister of the mother or father), grandparent, mother or father.
- The college cannot make private fostering arrangements for students. If parents choose to make such an arrangement they have a duty to notify the Local Children's services offices in the UK local authority where the child is residing of the private fostering arrangement so that checks can be made. As the student's visa sponsor, the college will notify the Local Children's services offices in the UK local authority where the child resides of any private fostering arrangements made for our students.

### What if No Guardian?

If the parent(s) do not supply a suitable guardian at the College's request, the College reserves the right to insist that the student must either:

• Return to their home country during the holiday periods of Christmas, Easter and summer.

Or

Temporary guardianship arrangements are put in place and paid for by the family.

The College reserves the right to appoint a temporary guardian for a student in certain circumstances such as suspension and it would be the parents' responsibility to cover the cost.
